COREY AIRPORT SERVICES SPECIAL ANNOUNCEMENT

ATLANTA, GA., October 11, 2016 – All of us at Corey Airport Services were shocked and deeply saddened by the tragic and sudden death of our President, Diane McIver. Her competitiveness and desire to make Corey Airport Services the premier airport advertising company in the United States inspired us all to “go the extra mile”.

Brig Newman, who has been an integral part of our company’s success, and who worked under Diane’s guidance for over 27 years has been named the new President of Corey Airport Services. Under Brig’s leadership, our company will continue to grow and provide each of our airport partners with a superior advertising concession.
